IRON-A-WAY®
Built-In Ironing Centers

** All units can be provided with a left hinge upon request. Right hinge standard.
*** NE-242 with white float door or white raised panel door comes standard with white interior color and white exterior finish.
**** Door Hardware not included.

NE-242

The Model NE-242 is a surfaced mounted, non-electrical unit. Perfect for areas where you want to iron, but the wall/surface can't be penetrated for recess mounting. You have fast access to your ironing board, without in-cabinet iron storage. This quality built model comes with an rugged 42-inch, ventilated steel ironing board.

The swivel feature is available for this surface mount unit. The feature does not include a 4" height adjustment, but it creates the flexibility that may be necessary in confined areas.

Ordering a NE-242 with a white door, the cabinet has a white interior as well as a white exterior. This compliments many of the closets system in the market today.
